

Dear Patients, Parents, Colleagues, and Friends,

After much reflection, I am writing to share that I will retire in April 2026.

I have been incredibly fortunate to spend the past 39 years practicing orthodontics, caring for patients, and serving families in this community. It has been a privilege to help create smiles and build confidence for so many people, and I am deeply grateful for the trust you have placed in me throughout my career.

My professional journey has been shaped by many meaningful experiences. I began my education at Western Kentucky University and the University of Kentucky College of Dentistry, followed by three years of practicing dentistry. I then completed my orthodontic residency at Washington University in St. Louis, where I earned an MS in Orthodontics.

Returning to my hometown of Bowling Green, Kentucky, to practice was especially meaningful to me. I later opened offices in Glasgow and Franklin. Building a practice to serve this community and South Central Kentucky has been one of the greatest honors of my career.

Drobocky Orthodontics will continue to serve patients under the leadership of Dr. Eric Strestha, who joined the practice in July 2023. He is a graduate of the University of Kentucky Orthodontic Program and will work alongside the team, who will continue to care for patients and families moving forward.

As I enter this next chapter, I look forward to spending more time with my family, traveling, and pursuing interests that I have looked forward to enjoying more fully.

Thank you for allowing me to be a part of your lives and your families' journeys. I will always be grateful for the relationships, friendships, and memories built over these many years.

With sincere appreciation,
Dr. Oles Drobocky
